Focus Online Ordering

Consumers need access to online ordering options now more than ever before. Give your diners what they need, while taking your operations to the next level, with online ordering seamlessly integrated with your point of sale. Take orders and payments completely online to reduce payment processing fees and chargebacks due to fraud. The Focus online ordering solution automatically adds online orders to your order queue, sending orders directly to FocusKITCHEN kitchen display system (KDS) or printer and routes to the proper meal prep stations.

Online Ordering Features

INTEGRATES SEAMLESSLY WITH FOCUS POS

Sending orders directly to the order queue has never been easier than with Focus Online Ordering. Orders are placed in the queue in the order they were received and are expedited for quick and efficient order preparation.

AUTOMATICALLY SYNCS MENU UPDATES

Restaurateurs can easily and automatically make menu updates and changes across the whole system. This reduces the need for manual order entry, saving time and money, while increasing accuracy and efficiency.

INTUITIVE INTERFACE

Thanks to an intuitive interface, customers are able to choose a variety of meals from enticing images on the Focus Online Ordering site. Diners can easily select modifiers and enter address, and payment information.

USEFUL FOR CURBSIDE TO-GO, DELIVERY, AND DINE-IN ORDERS

Created for more than just delivery, your staff and customers can utilize your online ordering platform for carry out, curbside, and even dine-in orders. Focus Online Ordering expedites orders and payment processing for a variety of applications.

Additional Features

- Place clear, enticing images of your items online
- Custom modifier options
- Fast and easy checkout

Locate a Dealer
